Time					
06:00	09:00	12:00	15:00	18:00	21:00
Cloudy	Sunny intervals	Light rain	Heavy Rain	Partly cloudy (night)	Clear night
Precipitation probability					
20%	10%	40%	80%	10%	10%

Forecast for Saturday 20 Nov 2021

Weather: A mixed days weather with only the odd light shower expected early morning, while rather cloudy skies allow limited brighter spells. Band of rain spreading from the north late morning, with any heavier outbreaks most likely mid-afternoon. Rain passing to the south towards early evening to leave most dry with occasional clear spells through the rest of the evening.

Chance of cloud free mountain/hill tops above 800m: 70% lowering 10% or less by mid-day, before lifting 95% during the evening

Visibility: Good of very good, becoming moderate or poor, persistently in rain, infrequently in showers, also very poor in hill fog with bases becoming extensive above 450m as the rain band crosses.
